June 2011,

Caterpillar ECF-2 performance of OLOA® 59770

Chevron Oronite declares that OLOA® 59770 at 12.9 wt% meets the performance required by Caterpillar's ECF-2 engine oil specification.

This performance can be claimed in SAE 15W40 grade only, using certain API Group I base stocks and 24 SSI Chevron Oronite PARATONE® Viscosity Index Improver. The API BOI and API VGRA rules as described in API 1509 for the Caterpillar C13 engine must be followed.

The final lubricant formulation must be API CI-4 licensable.

This statement is based on a supporting Caterpillar C13 engine data set which complies with API 1509 guidelines for API CJ-4 specification.
