

ENOC ENAYA GASOLINE INJECTOR CLEANER

PRODUCT DESCRIPTION

ENOC ENAYA GASOLINE INJECTOR CLEANER is a super ashless detergent product that uses an ENOC technologically- advanced formula to remove injector and valves deposits which helps restore fuel combustion performance. ENOC ENAYA Gasoline Injector Cleaner has demonstrated tangible power and acceleration benefits.

APPLICATIONS:

ENOC ENAYA GASOLINE INJECTOR CLEANER has been developed for the use in today's high performance gasoline engines. Fuel unsaturates and other contaminants can combine to form harmful deposits especially when exposed to the high temperature and pressures associated with advance fuel injection system equipments. ENOC ENAYA Gasoline injector cleaner assists to reduce or eliminate these kind of deposits

RECOMMENDATIONS:

ENOC ENAYA GASOLINE INJECTOR CLEANER is a powerful cleaning agent which removes existing fuel intake system and valves deposits. The "Nitro-enriched" formula ensure only 125 mls is sufficient to treat 70 litres of Gasoline.

KEY BENEFITS:

- Gives increased power & acceleration benefit
- Keeps critical engine parts clean, free of deposits & reduces corrosion
- Helps environment by reduction of harmful emissions
- Improved fuel economy up to 3.5% tested under standard test conditions

Technical Data*	
Density	0.896
Apperance	Colorless
Flash Point, PMCC, °C	63
Viscosity @ 40 C	1.6
Product Code	223052

*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
