

ENOC ENAYA GASOLINE INJECTOR CLEANER

PRODUCT DESCRIPTION

ENOC ENAYA GASOLINE INJECTOR CLEANER is a super ashless detergent product that uses an ENOC technologically- advanced formula to remove injector and valves deposits which helps restore fuel combustion performance. ENOC ENAYA Gasoline Injector Cleaner also consist a powerful friction modifier to reduce upper cylinder friction thus enhancing overall fuel economy.

APPLICATIONS:

ENOC ENAYA GASOLINE INJECTOR CLEANER has been developed for the use in today's high performance gasoline engines. Fuel unsaturates and other contaminants can combine to form harmful deposits especially when exposed to the high temperature and pressures associated with advance fuel injection system equipments. ENOC ENAYA Gasoline injector cleaner assists to reduce or eliminate these kind of deposits

RECOMMENDATIONS:

ENOC ENAYA GASOLINE INJECTOR CLEANER is a powerfull cleaning agent which removes existing fuel intake system and valves deposits. It is recommended one bottle per tank for keep clean and 2 bottles for clean up process.

KEY BENEFITS:

- Smooth rough idle and eliminate tough starts
- Reduce combustion chamber deposits
- Reducing upper cylinder friction, thus restoring lost fuel efficiency
- Reduces white and black smoke
- Bio fuel compatibility

Technical Data*	
Density	0.896
Odour	Pleasant
Apperance	Colorless
Flash Point, PMCC, °C	65
Viscosity @ 25 C	1.20
Product Code	223052

*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
